

Weight Loss Policy

In order to receive weight loss care, patients must transfer care to the medical practice .We do not accept weight loss only patients.

Insurances do not cover Ozempic and Mounjaro for non diabetic diagnosis.

Wegovy and Zepbound are the commercial versions for weight loss.

If weight loss medications are not covered by your insurance, then it is considered a cash pay visit. The visit will not be billed to your insurance.

The visit cost is:

- \$300 for the initial visit and consultation
- Subsequent visit and follow up \$150

At your visit the following is included:

- Evaluation of weight loss needs customized weight loss supervision
- Your medication will be sent to the pharmacy
- You will be charged directly by the pharmacy
- Diet and exercise modification
- Monitoring of medications and side effects, vitals and labs to assist in the weight loss process
- Ordering and interpretation of all lab tests (lab costs are billed to insurance and usually covered by insurance)
- Weight and blood pressure monitoring in office is mandatory
- **All refills for weight loss medication require in office visit**

Patients doing weight loss must be seen in the office every 4 to 8 weeks!
